iHLS INNOTECH TEL AVIV

iHLS INNOTECH 2022
CONFERENCE & EXHIBITION \ CYBER, HLS & INNOVATION INTERNATIONAL EVENT

NOVEMBER 2-3, 2022 | EXPO TEL AVIV, PAVILION 2

iHLS is proud to present INNOTECH 2022 - the International Cyber, Homeland Security Technologies & Innovation event. A large two-day exhibition with national pavilions and hundreds of companies, accompanied by an outstanding conference with thought-provoking panel discussions.

Due to the growing cyber and HLS challenges - such as critical infrastructures, municipal cyber and intelligence challenges, smart cities, smart transportation, cloud security, communications, terrorist attacks, public security threats, as well as criminal actions and natural disasters - municipalities, districts and states have been looking for innovative and ground-breaking technological solutions. The COVID-19 pandemic has only emphasized the importance of technological innovation in the development of a rapid response to every evolving crisis and substantially accelerated digital processes.

The event provides an effective business arena and an opportunity for B2B meetings, inspiring professional content by the best experts, intriguing panel discussions on various cyber, HLS, and innovation topics, and ground-breaking, startup technologies.

THE CONFERENCE WILL BE HELD IN ENGLISH

AMONG THE PARTICIPANTS

The conference will be attended by senior officials from the **municipal sector - municipalities**, districts, and states, the **defense** establishment, police, security and intelligence agencies, senior executives from the defense industries, **technology companies**, and hundreds of startups from Israel and the world.

Including:

Decision-makers	CEOs	CTOs	CISOs
Head of Innovation	Head of Business Dev.	Investors	Entrepreneurs

Experts in technological developments for intelligence, critical infrastructure, smart cities, smart transportation, cloud security, anti-terror and war on drugs, first responders, protection of critical infrastructure, gas, electricity and oil installations, etc.

WHY ATTEND

iHLS INNOTECH 2022 provides the perfect forum for presenting the latest technological innovations in the field, effectively meeting the needs of the sector as a whole and addressing current threats.

The thousands of guests, hundreds of companies and startups will get a close look at the Israeli ecosystem of cyber and HLS technologies.

At **iHLS INNOTECH** you will be able to showcase your advanced technologies, meet the startups operating in this technological arena, take a firsthand look at the innovative technologies currently being developed, and meet your own business arena: industry leaders, decision-makers, experts, entrepreneurs, customers, and partners.
